MEMORANDUM FOR: Deputy Director of Security (PSI)
SUBJECT : Protection of Results of Interviews
of CIA Employees by House Select
Committee Staff Members

1. On 22 August 1975 [redacted] Review Staff, STATINTL
called to advise me that he had worked out an arrangement
with Mr. Jack Boos of the House Select Committee regarding
the proper protection of results of interviews of our
employees by HSC Staff Members.

2. [redacted] STATINTL specifically indicated that an
informal agreement had been arranged with Mr. Boos
whereby at the conclusion of interviews with our person-
nel by HSC Staff Members, a decision will be made as to
the classification of the notes taken. Once this is
established and on the basis of the notes being classified
and are sensitive, the Agency will provide a courier to
transport those notes from the Agency to the House Select
Committee on the Hill for appropriate storage.

3. [redacted] STATINTL said that this agreement had been worked
out informally with Boos and they hoped to avoid this
matter having to go to Chairman Pike for resolution.
I told Brown that it appeared to be a workable system
from our standpoint.

4. The above is for your information.
